## LIST OF COMMITTEE MEMBERS

---

Prof. Nathaniel Owusu Boadi	Chairman
Prof. Christopher Antwi	Member
Dr. Esmeranda Manful	Member
Dr. Daniel Yaw Addai Duah	Member
Dr. Newman Osafo	Member
Dr. Ama Agyeibea Amuasi	Member
Dr. Alexander Boakyee Marful	Member
Dr. Jacob K. Agbenorhevi	Member
Dr. Justice Osei Afriyie	Member
Dr. Griffith S. Klogo	Member
Dr. Victor Rex Barnes	Member
Dr. Solomon S. R. Gidigasua	Member
Mrs. Gladys A. Addai	Member
Mr. Anthony Kofi Badu	Member
Mr. Bismark Owusu Adu	Member
Mr. Sampson Yeboah	Member
Mr. Abdulai Abubakar	Member
Mr. Charles Owusu Antwi	Member
Mr. Abraham Adusei	Member
Mrs. Abigail Dzama Tawiah	Member/Secretary

## WELCOME MESSAGE FROM THE VICE-CHANCELLOR

---

Members of the University Management, colleagues, representatives from our affiliate institutions, resource persons, invited guests, members of the press, ladies and gentlemen.

Let me take the opportunity to welcome you all to this year's Summer School. This School marks the 9th in the series since its inception in 2011. Student enrollment at KNUST is increasing, and our staff continue to do their best to execute our fundamental mandate of educating the next generation of the country's human resource base at the tertiary level. We pride ourselves in the successes we have chalked so far.

The theme **"SDGs and Universities: Actions Towards KNUST's Mandate at 70 and Beyond"** is most appropriate for this year's summer school. We are privileged to have experienced Resource Persons in the subject area to share their expertise with us. This year's School will be fascinating as we engage in hands-on exercises to implement the Sustainable Development goals in our work.

At the end of the Summer School, I hope that all participants will acquire new knowledge in Sustainable Development Goals to improve the quality of education in Ghana effectively.

On behalf of the KNUST, I would like to welcome staff members from our affiliate institutions, and more especially, our invited trainers from Germany to our noble University and the 9th Summer School. I wish all participants a joyful and fruitful stay on campus.

Thank you.

**Professor Rita Akosua Dickson**  
Vice-Chancellor, KNUST

## MESSAGE FROM THE HEAD OF QUALITY ASSURANCE AND PLANNING UNIT

---

It is my greatest pleasure to welcome you to the 9th KNUST Summer School. This Summer School is one of the most precious gems in the University's academic calendar. This year's School is under the theme ***"SDGs and Universities: Actions Towards KNUST's Mandate at 70 and Beyond"*** scheduled for Tuesday 31st August to Friday 3rd September 2021 is unique in many ways. This summer school is happening at a time when KNUST is 70 years as a University. Additionally, for the first time we are piloting a hybrid summer school which is a mix of both in-person and online sessions. This year's school is being organized in collaboration with our colleagues from Germany and CLEAN Africa and has been decentralized to the Colleges for greater impact. The focus is to bring individuals from multidisciplinary backgrounds together to deliberate on how to work together to achieve the SDGs.

The KNUST Summer School began in 2011 with the intention of offering staff the opportunity to increase their skills and knowledge in selected areas for productivity and excellence. Interest in the School has grown since its inception, with attendance increasing from 250 to 4680 participants. The breakdown is as follows:

SERIES	YEAR	THEME	CATEGORY OF STAFF	ATTENDANCE
1st	2011	Equipping Staff for Leading Change in Academia	Senior Members	250
2nd	2012	Raising the Standards for 21st Century University Education	Senior Members and Senior Staff	600
3rd	2013	Repositioning KNUST as Global Institution : Effective Research Management as a Tool	Senior Members and Senior Staff	777

4th	2014	Advancing Science and Technology Through Effective Communication	Senior members, Senior Staff and Junior Staff	2400
5th	2015	Sustainable Development of Tertiary Education in Ghana Amidst Economic and Security Challenges	Senior members, Senior Staff and Junior Staff	2500
6th	2016	Strengthening the Linkage amongst Academia, Industry and Government	Senior Members, Senior Staff and Junior Staff	2720
7th	2017	Technology Manpower Training and Development	Senior Members, Senior Staff and Junior Staff	4103
8th	2018	Improving Quality of Higher Education Through Effective Measurement and Evaluation	Senior Members, Senior Staff and Junior Staff	4680

The Summer School brings together staff of KNUST and their affiliate institutions to enhance their knowledge in implementing the Sustainable Development Goals to improve the quality of their work in promoting quality higher education in Ghana. We believe that this new knowledge will enhance teaching, research, and service delivery at KNUST. It will also provide staff the needed tools to respond positively to the needs of society.

I want to, once again, welcome all of you and to thank you for being part of the 9th KNUST Summer School.

Thank you

**Prof. Jerry John Kponyo**  
 Head of QAPU- KNUST

## MESSAGE FROM CLEAN-AFRICA e.V.

---

Prof. Rita Akosua Dickson, VC of KNUST, University Mangement, invited dignitaries, all protocols observed, Good Morning. It is said that, the value of an idea lies in using it. What started as just an idea is the reason why we are all gathered here today. My name is Mrs. Matilda Marful, the CEO of CLEAN-AFRICA e.V.

**CLEAN-AFRICA e.V.** is an international non-profit Organization founded by students in 2004. With its headquarters in Stuttgart, the Organization focuses on promoting sustainable development in the "South" while sharing the experiences and principles to bring about a Paradigm shift in the "North". The activity of the organization is multi-dimensional, Transdisciplinary, Innovative, Creative and Knowledge-based.

For over a decade now, the Organization has worked with students and academicians from various cultural backgrounds in collaboration with other Actors. Our programs have received global participation with over 6000 members. The impact of our events have grown steadily with projects like: LaNCoR, ATaFoSS, PAMBA, BRAIN-GAIN, CoSDeP, MIBSIP, and the ongoing SDG4UNiS.

The Summer School on SDG4UNiS dubbed: **"SDGs and Universities: Action Towards KNUST's Mandate at 70 and Beyond"**.

This happens to be the first of a series of collaborations to take place between KNUST and **CLEAN-AFRICA e.V.** after the signing of the MOU facilitated by International Programs Office under the leadership of Prof. Rexford Assasie Oppong. Our focus remains the fostering of a deep South-North dialogue between **CLEAN-AFRICA e.V** and KNUST as experts in the transfer of SDGs informed strategies to civil society and industry.

It is the hope of the organization that this collaboration will translate into research activities and tangible projects as part of the quest towards the Global Developmental Agenda. This is because each of our actions count in the realization of the 17 Sustainable Development Goals.

We are excited to partner with KNUST in the organization of this year's Summer School and I will like to personally welcome us all on board as we interact, think, share, and develop our own strategies to imbibe the SDGs holistically into our operations.

Thank You

Mrs. Matilda Marful

CLEAN-AFRICA e.V.

## PREAMBLE

---

The theme for the Summer School is **‘SDGs and Universities: Actions towards KNUST’s Mandate at 70 and Beyond’**.

As a background; In September 2015, the UN General Assembly adopted the 2030 Agenda for Sustainable Development that includes 17 Sustainable Development Goals (SDGs), which include the following:

GOAL 1. No Poverty

GOAL 2. Zero Hunger

GOAL 3. Good Health and Well-being for all

GOAL 4. Quality Education

Building on the principle of “leaving no one behind,” the new Agenda emphasizes a holistic approach to achieving sustainable development for all. As a university, we should be seen leading the country to achieve these SDGs. However, there seems to be a knowledge gap with respect to these SDGs and their implementation. Knowledge of these SDGs would inform our activities as a university since we strive to achieve quality education and become the leading research university in the Sub-Region.

This year’s Summer School also commences the KNUST 70th Anniversary Celebrations. We are excited to have foreign nationals from more than eleven countries joining us for the Summer School.

For the first time, the Summer School would be held both in-person and virtually. Senior Members may join online to the class and still make contributions. Registered participants who attend all sessions will be awarded a certificate of participation.

It is hoped that the Summer School will equip the staff of KNUST and those of her affiliate Institutions with new knowledge about the Sustainable Development Goals and the skills to implement them in their work.

## SENIOR MEMBERS (UNITS & VENUES)

---

### Senior Members

Units	Venues [Days 2 & 3]
College of Art and Built Environment	New Block, Ground Floor, CABE
College of Agriculture and Natural Resources	FRNR Auditorium
College of Engineering	COE Auditorium
College of Health Sciences	New FPPS Block
College of Humanities and Social Sciences	KSB Auditorium, Block B
College of Science	COS Auditorium
Registrars	Gardener Conference Room, Great Hall
Finance (Finance, Procurement, Audit)	Faculty of Law Auditorium
Development Office ( Dev. Office, Estate, Maintenance)	New Block, Ground Floor, CABE
UITS/Security	Research Commons, Main Library
University Health Services	OTMC Conference Room
Librarians	KSB Auditorium, Block B
